BENEFITS FOR EXHIBITORS

- Exhibitor free drinks and get together on Friday will continue for 1.5 hours. This is a great time for all exhibitors to come together and meet the Field Day committee and the members of the Lucindale Lions club who run the Field Days.
- We will continue to keep our entertainment budget at a high level, and our Entertainment co-ordinator has several exciting prospects in the pipeline already. Keep an eye on our website www.sefd.com.au for updates.
- For exhibitors setting up their sites, we use 2 telehandlers instead of forklifts.

As usual, we provide the following free services.

- Free use of crane for setting up.
- Free courier service. Apply at the office for details.
- Free rubbish removal. We are conscious of the damage that plastics are doing to the environment and ask that each exhibitor tries to minimise their use of plastics if possible.
- Free drinking water for patrons and exhibitors.
- Free site minding service by Lions members for single exhibitors, for when nature calls (book at the secretary's office).
- Free exhibitor car parks.
- Free bore water delivery to your site, if required.
- Free distribution of our full colour magazine quality program prior to the Field Days. **Make sure you have an advert in this program, the only official program, which has a print run of 12,000. Various size adverts, in both colour and black and white, are available to suit every budget.**

As usual, an early bird discount applies to all exhibitor applications received before 2nd December 2023.

Our bookings operate on a “first come, first served” basis. (Sites are reserved for sponsors)

The Field Days site is covered by beautiful green grass carefully manicured by Lions Club members.

Come and join us and be a part of the family friendly South East Field Days.

Chairman's Welcome

Kevin Baker
South East Field Days
Chairman

Thank you to all exhibitors who attended the Field Days back in March.

Being my first as Chairman I attempted to see as many exhibitors as possible, getting to see roughly a third. I will endeavor to get to all of you this coming Field Days to touch base and get your feedback on the event. You will notice in the 2024 prospectus that we have adjusted the exhibitor ticket price in response to conversations held at the last event.

The field days committee continue to fine tune and move with current trends and strive to make our field days a successful and enjoyable event for both you the exhibitors and the general public.

Thank you to our valued sponsors of the field days, with your continued support our entertainment officer has booked some new and exciting attractions to interest a vast demographic of the population.

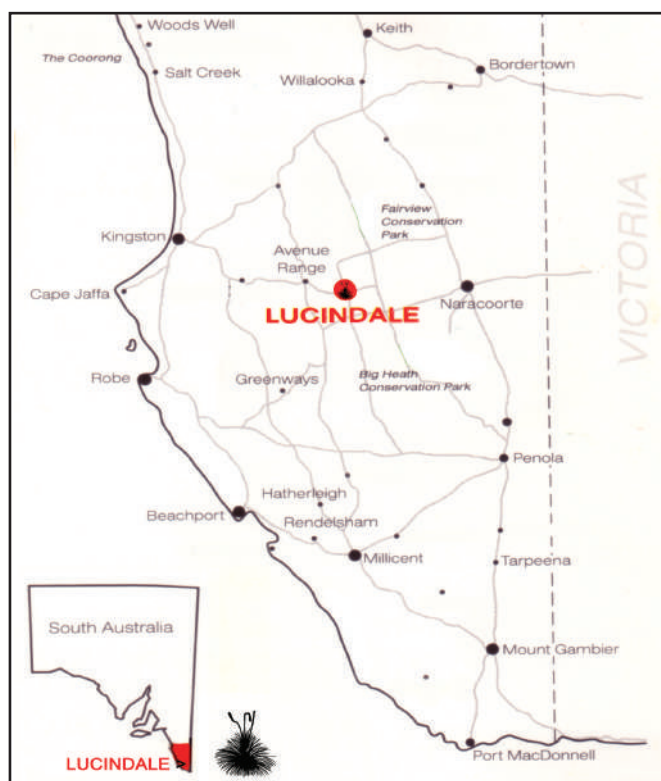

Our site improvements are ongoing with upgrades to our toilets and shower blocks, irrigation equipment and Yard Dog area, this enhances the experience of attending the event for exhibitors and the public alike.

With the Field Days being a project of the Lucindale Lions Club, any profit generated goes straight back to the community by way of donations to charities like Cancer research, Hearing Dogs, Caring Kids as well as supporting local clubs and schools in the South East and Western Victoria.

If you are an exhibitor and wish to participate in the 44th South East Field Days I invite you to fill out this prospectus or go online to <https://www.sefd.com.au> and click on the 2024 prospectus file.

I look forward to seeing you and hope you are having a successful and prosperous year.

Hiring of Lucindale Area School Hay For The 2024 Field Days

Dear Prospective Site Holder,
Lucindale Area School is the local school that proudly has many connections and partnerships with the local community, with the underlying aim of providing a range of learning experiences for students. We are renowned for the broad array of quality agricultural programs offered across reception through to Year 12 and are the Agricultural focus school in the district.

A significant aspect to our program is the production of hay to feed our livestock. Students are involved in selecting crops, sowing, crop husbandry regimes as well as raking and carting of hay. Experimental trials are also often carried out on hay paddocks by senior students.

To assist site holders, small bales of hay can be hired from the school that can be used to set up stall displays for \$10 per bale. Students will be involved

in the delivery and collection of hay to your site, with funds from site holders hiring the hay, then discounting the cost of students to partake in camps to exhibit goats, sheep and led steers at state and country shows. The hay upon return to our school then feeds livestock for the rest of the year.

It is important to note that the bales are strictly a hire agreement and must be left at your site upon the completion of the field days or a further invoice for the value of the hay will be sent.

We thank you for your support of our students and school Agricultural program.
